

OGEX2016
OIL AND GAS EXHIBITION

**International Congress & Exhibition
on Oil, Gas,
and Petrochemistry**

5th >6th Decembre 2016

LE MERIDIEN HOTEL ORAN - ALGERIA

PROGRAM

www.ogex-dz.com

The energy future of Algeria

Concept

An essential event for energy professionals, OGEX'2016 will gather for 2 days in Oran various actors in the fields of energy, including oil and gas...

The choice of Oran to host the International Exhibition on Oil and Gas results from the dynamics and importance of energy in Algeria and throughout the world.

This edition of the event will bring together 400 delegates and 100 exhibitors from 20 countries, to present offers expected to meet the expectations of Algerian and international markets. More than 3,000 professional visitors are to come and meet the exhibitors. They will be representing different sectors in this major event, including hydrocarbons, administrations, and governmental bodies.

- Managers and decision-makers from various professional sectors.
- International companies and service providers.
- Solution providers for renewable energies and other sectors of industry.
- International organizations, Government representatives, foundations, agencies, institutes, research centers, consulting firms ...
- Investors and financial institutions.

Monday, December 5th 2016

8:30 am-10:00 am: Registration

9:30 am-10:00 am: Welcome Coffee

10:00 am: Official opening ceremony

- M. Abdelghani Zaalane, Mayor of Oran
- M. Akli Remini, Vice-President Aval, Sonatrach
- Mr. Alain Steven, Secretary General - GO15 Reliable and sustainable Power Grids, USA
- Mr. Adel Kaoula, Director, Symbiose

11:30 am - 12:30 pm: Official opening, Exhibition OGEX'2016

12:30 pm - 2:00 pm: Lunch

Session 1: Perspectives of conventional oil and gas resources

2:00 pm-4:30 pm

Session Chair, Mr. Ernesto Bonafé, Trade Expert, Energy Charter

- Outlook on unconventional oil and gas resources in Algeria and other parts of the world.
- Refining and petrochemical industry: a challenging integration industry - adaptation and modernization
- Exploration and Production: between exponential demand and actual costs
- Major projects to adapt to market development

2:00 pm - 2:20 pm : «The Oil market balance, a pledge to guarantee the sustainability»
Mrs. Widad Berriche, COM, Sonatrach

2:20 pm - 2:40 pm : «Refining and Petrochemicals in 2016: Worldwide situation, in Africa and Algeria»
Pr. Jean-Pierre Favennec, Professeur IFP School - Consultant at WDCooperation, France

2:40 pm - 3:00 pm : « International Investment Framework for Investing in Algeria »
Mrs. Ana Stanic, Principal of E&A Law, UK

3 :00 pm - 3:20 pm : Panelist Debate

3:20 pm - 3:40 pm : Mr. Steivan Defilla - Advisor for Government Affairs, Alber & Geiger

3:40 pm - 4:00 pm : « The simplicity of Oil & Gas engineering commercial project risk management »
Mr. George Grangeon-Amaral, Commercial Associate Castrum Energy Partners and Project Manager Birmingham City University

4:00 pm - 4:20 pm : «Reliability of the capacity of Sonatrach's GNL production over the long-term»
Mr. Youcef DJalti, LRP, Sonatrach

4:20 pm - 4:40 pm : "New approach of implementing the automation and control projects - LEAP"
Mr. Phil Millette, P.Eng, MEI, Refining & Petrochemicals Marketing Leader
Honeywell Process Solutions

4:40 pm - 5:15 pm : Debate and Q&A

5:15 pm: Coffee break

Tuesday, December 6th 2016

9:00 am - 10:40 am

Session 2 : Energy efficiency: a factor of sustainable development in the energy ecosystem

Session Chair, Mr. Mostafa Graini, Business Manager, USAL Energy Resources, USA

- How can innovations have greater environmental and economic impact?
- What are the best and most effective solutions to the geo-economic and geo-political challenges?

9:00 am - 9:20 am : «*The energy efficiency and innovative solutions, overview of California model*»
Mr. Alain Steven, Secretary General of GO15 and CTO of AMS, USA

9:20 am - 9:40 am : «*Alternative solution of the method's control of the natural gas compressors in wind of the energy management*»
Mr. Abdelkader Ait Abdesselem, TRC, Sonatrach

9:40 am - 10:00 am : "*On the role of advanced simulation technologies in the oil & gas sector : from design of new processes and retrofitting and their impact on the environment, to EOR and Flow Assurance*"
Dr Djamel Lakehal, CEO ASCOMP AG

10:00 am - 10:20 am : "*Energy efficiency in building: Approaches and practices to maintain the fossil energy*"
Mr. Abderrahmane Zidane, Architect, Pole of Promoting the Eco Construction - Oran &
Mr. Rachid Bessaoud, R20 MED Director, Region of Climate Action, Algeria

10:20 am - 10:40 am : **Debate and Q&A**

10:40 pm - 11:00 am : Coffee break

11:00 am - 12:00 pm

Session 3 : The new energy resources: what business model for the energy mix?

Session Chair, Mr. Steivan Defilla - Advisor for Government Affairs, Alber & Geiger

- Smart grids to play an important role in the future in ensuring reliable energy supplies to consumers.
- Access of renewable energy in electricity grids: a new challenge for major energy operators and distributors.

11:00 am - 11:20 am : "*The role of the International Energy Charter in the global energy transition*"
Mr. Ernesto Bonafé, Trade Expert, Energy Charter

11:20 am - 11:40 am : "*The energy transition and engagement of the COP 21*"
Mr. Tewfik Hasni, Expert in Energy, ex VP Sonatrach

11:40 am - 12:00 am : "*Smart grids to play an important role in the future in ensuring reliable energy supplies to consumers*"
Mr. Mostafa Graini, Business Manager, USAL Energy Resources, USA

12:00 am - 12:30 pm : **Debate and Q&A**

12:30 pm - 2:00 pm: Lunch

Tuesday, December 6th 2016

2:00 pm - 4:00 pm

Session 4 : Health, Safety and Environment (HSE)

Moderator, Mrs. Samia Tiliouine, Expert in Energy

2:00 pm - 2:20 pm : «*Development of the tanks compact*»

Mrs. Samia Saib, E&P, Sonatrach

2:20 pm - 2:40 pm : "*Water treatment in refineries*"

Mrs. Camille Sagne Global Technology Leader Oil & Gas – Industrial Solutions SUEZ International

2:40 pm - 3:00 pm : "*Good international practices for the industrial and environmental security: the national decree 14-349 and its appliance*"

Mr. Xavier Lefebvre, Operating Officer Manager, CINDYRIS Algiers, Expert at the European Union

3:00 pm - 3:20 pm : "*Protecting the atmospheric pressure storage tanks against explosions and implosions under the new standards*"

Mr. Christian Bisch, Expert in explosion protection equipments,
Mr. Monsif Ayar, Export Responsable - Sid-steible

3:20 pm - 4:00 pm : Debate and Q&A

4:00 pm - 5:00 pm : Closing Ceremony
